## DIESEL TUNE

Additive to Diesel

---

### Description

Diesel Tune is a multifunctional additive for diesel fuel – if used on a regular base, the entire fuel system will maintain a very good condition and the motor will run under optimal conditions.

This additive has the following features:

- Excellent lubrication of the injection system in diesel engines, for both direct and indirect injection.
- Improved efficiency of the engine
- Reduces fuel consumption
- Reduces engine noise
- Improved combustion, less black smoke
- Maintains cetane number
- Reduces soot
- Prevents formation of rust and corrosion
- Reduces wear of the fuel pump

### Available in

Cartons of 24x1 L and 6x5 L.  
Barrels of 30, 60 and 208 L.

### Application

A multifunctional additive for diesel fuel.  
1 liter for 1000 liters of diesel or 50 cl for 50 liters – to add before filling the tank.
